Senior Class Trip 2015

After a 22 hour bus ride to Florida, the first stop of the trip was at Universal Orlando Studios where we spent the day riding all kinds of fun attractions. The next day we spent at Melbourne Beach enjoying the sun as well as a beach side dinner. Our third day of the trip we traveled back to Universal Studios where we enjoyed the rest of the theme park and ate dinner at the Hard Rock Cafe. There were so many memories made on this unforgettable trip that will last everyone a lifetime.

WCASS Region IV Awards Banquet

Marcey Lehman, Almond-Bancroft Special Education Aide, was the recipient of a service award at the Wisconsin Council of Administrators of Special Education (WCASS) spring meeting on April 10th, 2015. Marcey was nominated by Tracey Kelz, Director of Special Education and Debbie Klinger, 4K/Early Childhood Teacher. Her nominees described her as someone who goes above and beyond in order to meet the needs of the children she works with. Marcey spends a great deal of time outside of the school day on furthering her knowledge, particularly in the area of Autism. She just completed a series of 21 web modules to earn Autism certification. Our district is very fortunate to have such great aides working in our district and we are thankful to all of them for the dedication they show to our students on a daily basis.

Pictured: Debbie Klinger, Marcey Lehman, and Tracey Kelz

Middle School Students Of The Month

One student is honored from each grade within the Middle School for his/her overall excellence as a student each month. These students are selected based on their academic achievements and exceptional behavior during the school day. Achieving excellent performance for March, the Students of the Month include the following: Katrina Gendusa, Grace Dachel, and Noah Kollock.

From the sixth grade we honored Katrina Gendusa. Katrina is a quiet, responsible student who is kind and respectful to others. She works hard and always strives to do her best. In class, Katrina is an attentive listener and is very thoughtful in her responses. She is accountable for all of her work and is never afraid to put a little extra effort into what she does each day.

She is an awesome kid! Keep up the great work, Katrina!

From the seventh grade we honored Grace Dachel. Grace is a very sweet girl who always tries very hard to do her best work. She is funny and friendly and has an outstanding personality. She shows kindness to everyone she encounters and is always willing to help others. Her positive attitude

is appreciated and her bright smile is contagious! Grace always remains humble even though she excels academically. She is a great role-model for other students and we are glad to have her here!

From the eighth grade we honored Noah Kollock. Noah is an outgoing, boisterous student with a great sense of humor. He shows great maturity for his age and goes above and beyond when thinking through problems. His insightful responses in class demonstrate his deep intellectual thinking. Noah works very hard and excels both

academically and athletically. He is well-rounded and is an all-around "good egg." He consistently makes good decisions and stands up for his values. He is a delightful addition to our middle school!

Thank you for your hard work!
Congratulations!

High School Students Of The Week

My choice for student of the week for March 2-6 is Colton Hintz. Colton does great work in welding class and strives to better his acquired skill. He's always looking for opportunities to expand his knowledge and technique in the welding process by doing extra assignments and projects. Colton is always polite and respectful and has an uplifting personality.
~ *Mr. Wagner*

I have chosen McKenzie Miner for student of the week March 9-13. I just met Kenzie this year and I'm so happy that I've had a chance to work with her as part of Student Council. She's an outstanding student and is always ready to take on a new task. ~ *Mrs. Ehlert*

My nomination for student of the week for March 16-20 goes to Hattie Berry. Hattie is one of our top student-athletes and is a leader in the high school. She is currently taking two AP courses, higher level math and science. In addition, she is also taking challenging distance learning courses. Hattie is the Vice-President of the National Honor Society and a standout volleyball and softball player. Good luck to you next year in college and thank you for being a great part of our school. ~ *Mr. Nagel*

I nominate Brandon Czlapinski for student of the week for March 23-27. He arrives to class on time with the necessary materials and participates in class. He has always been a very respectful student both to his peers and to his teachers. He completes all of his homework on time and asks for help when he doesn't understand. Brandon always wants to make his papers the best

that they can possibly be, and he always asks me for assistance with editing his work. He has really improved in his writing from his freshman year. I have enjoyed working with Brandon for the last four years and he will be greatly missed. I know that whatever he decides to do in his life he will be successful because he is a very dedicated and resilient person. ~ *Mrs. Gille*

Congratulations!

High School Students Of The Week

I have chosen Crista Carver as Student of the Week April 6th-10th. It has been such a pleasure having Crista join us at Almond-Bancroft this year. Crista is a very kind and sociable student, willing to reach out and make friends with all. In class she makes sure to stay on top of her work, helps her peers, and asks questions whenever needed. She has a strong motivation to do well and give herself options for the future. Crista

works very well with classmates, assisting in project brainstorming, providing constructive feedback, and maintaining a positive attitude. This attitude can be seen in and outside the classroom. In the halls and lunchroom, Crista can be found with a smile on her face and laughing with her friends. Crista is also a very supportive older sister, proud to show off the talents of her younger brother Dominic Mork. She is a well-rounded, inquisitive student who I am happy to recognize. ~ Miss Stiebs

Title News

Scholastic Book Fair

A **HUGE THANK YOU** to everyone who helped to make our Scholastic Book Fair a success!! We sold over \$3,500 in books and miscellaneous items!!! I'm also happy to report that 50% of these sales will be benefitting our school as I plan to purchase leveled readers to stock our elementary and middle school bookrooms. These books will be available for teachers to check out as they incorporate guided reading within their classrooms.

Mark your calendars for the next Scholastic Book Fair which is already scheduled during Parent/Teacher Conferences November 12th and 17th. It'll be a great way to get some early Christmas shopping done!!

Family Literacy Night

Thanks to the Boys & Girls Club for all their work in making Family Literacy Night a tremendous success!! We estimated around 100 people attended to enjoy visiting the Scholastic Book Fair and the free Taco Bar Dinner. Family activities that were also enjoyed that evening included making a bookmark, listening to stories, playing Sight Word Bingo and Book Walk. Children were encouraged to visit each station and get their passport card initialed to be entered into the Grand Prize Drawing. Congratulations to Caytlen Albro for winning a \$15 coupon to the Scholastic Book Fair!!

The elementary and middle school teachers would like to say "Thanks" to those parents who generously purchased books for their classrooms. These books will be read and enjoyed by the students!!

Read Across America

On March 6, 2015, second through fifth grade students participated in Read Across America for the last hour of the school day. The kids had a lot of fun bringing in their blankets, pillows and stuffed animals to read with them in the new gym. They were also very comfy in their pajamas as they celebrated Pajama Day!! As a fun surprise, Cat in the Hat (Mr. Collins), Thing 1 (Mr. Stead) and Thing 2 (Ms. Beasland), made an appearance! The students enjoyed watching them running and jumping around as they made their entrance. They also loved visiting with them as they asked about the books they were reading. It was also very rewarding to see the great turnout of those parents/volunteers who came to read with the kids.

Community Closet

We would love to thank Mr. Knepfel and his class for organizing and putting together our school's Community Closet. The Community Closet, which includes slightly-used clothing, was open to the public during the A.R. Pizza Night and the Family Literacy Night. If you're in need of clothing from the Community Closet, please call Mrs. Kaepfel at 715-366-2941, ext. 104.

Almond-Bancroft School District Vision Statement

We are a collaborative community focused on continued growth in opportunities, choices, and expectations for all students.

We prepare self-motivated and responsible students to become well-rounded and successful citizens.

Almond-Bancroft School District Mission Statement

The Almond-Bancroft School District, with support of families and community members, will provide a safe and supportive learning environment, which challenges and prepares each student for success today and tomorrow.

Important information from your Speech-Language Pathologist...

10 Tips for Managing Kids' Tech Time

The average child, age 8 and under, in the United States uses more than three personal tech devices—such as a tablet, smartphone, or video game console—at home, according to a new poll of parents conducted by the American Speech-Language-Hearing Association (ASHA). With even the youngest kids now “connected” via such technology, it is important to remember to manage tech time so it doesn’t overtake time for talking with children.

Talking to children in their first years of life sets them up for future academic success. The easiest and most effective way that children learn is simply by talking. Studies have proven the link between the number and variety of words a child hears and later academic achievement.

May is Better Hearing & Speech Month—a time to prioritize communication. Here are 10 tips for parents on how to manage kids’ technology use to keep communication at the forefront.

Create tech-free times. Find at least one or two opportunities during the day—at the dinner table, for example—for everyone to disconnect. Mealtimes is a prime opportunity for conversation. Make a commitment and have everyone check their devices at the kitchen door.

Resist overreliance on technology to pacify boredom. Fifty-five percent of parents worry that they rely on technology too much to keep their child entertained, according to the ASHA poll. Roughly half of parents say that they are using technology as a means to keep kids ages 0–3 entertained. Remember that the best opportunities for conversation and learning are often found in situations that may be viewed as boring, such as while running errands or on a long car trip—particularly for the youngest children. While it may be tempting, try to resist the urge to immediately turn to these devices as a source of entertainment.

Don't overestimate the value of educational apps. Children learn best simply through talking, conversing, and reading. Technology is not the best way to teach, though it can reinforce and allow practice of skills under development.

Make tech use a group activity. While it is most often used on an individual basis, tech use can be turned into a group activity, such as while playing an online game. Talk about what you’re doing!

Consider whether young kids really need their own devices. It is not uncommon for kids to have their own tablets or mp3 players. This may lead to more time spent alone with technology throughout the day. On the other hand, devices designed for kids often offer additional features that appeal to parents, such as limited (kid-appropriate) content and extra security options, so this is a balance for parents to consider.

Set daily time limits. Certain devices can be programmed by parents to shut off after a certain amount of time, but you can also make a child aware of the time limit and keep track yourself.

Be consistent in enforcing the parameters you set for tech use. ASHA’s poll found a majority of parents report setting limitations on their children’s tech use. However, the reality of their children’s tech use often doesn’t line up with the set restrictions, by parents’ own accounts.

Always practice safe listening, especially when using ear buds or headphones. Misuse of this technology can lead to noise-induced hearing loss. Even minor hearing loss takes a significant toll academically, socially, vocationally, and in other ways, so prevent the preventable. Teach kids to keep the volume down (a good guide is half volume).

Model the tech habits you want your kids to adopt. Practice what you preach when it comes to tech time and safe-listening habits.

Learn the signs of communication disorders. This is important for all parents, regardless of their children’s technology use. Early treatment can prevent or reverse many communication disorders. Parents should not wait to see if a child “outgrows” a suspected speech or hearing problem. If you have any questions about your child’s speech or hearing, seek an assessment from a speech-language pathologist or audiologist. Learn more at <http://IdentifytheSigns.org>.

Provided to you by: *Amy Carlton (Speech/Language Pathologist, Almond-Bancroft Schools)*

FBLA News

On April 13th and 14th, six members of the Almond-Bancroft FBLA chapter traveled to La Crosse to participate in the State Leadership Conference. The conference was a huge success with students attending the opening session, several speakers and workshops, Project LEAD, voting sessions, open competitive events, and concluding with the closing and awards ceremony. Of course, we also had students who earned their spot to compete at the state competition. Seniors Meghan Menadue and Megan Wiczek presented their promotional materials in the Digital Design and Promotion team event, senior Christian Bloede competed in the Cyber Security objective test event, and junior Ariel Plaski competed in the Accounting 1 objective test.

This year the students were up against some tough competition.

Though we do not have any students representing us at the national level this summer, we have had quite a prosperous year. Every year our officer team has been pushing the chapter and its members to accomplish more and more including attending Fall Leadership Labs, raising money for the FBLA partner, March of Dimes, and earning Business Achievement Awards. We are looking forward to electing next year’s officer team and finishing out the year with a small social event.

Elementary GIFTS Lessons

Elementary students in grades K-5 are learning about our final G.I.F.T.S concept for the school year: **Tolerance**. For the purpose of our lessons, we have defined tolerance as: **Being willing to try to understand and accept others who are different than yourself**. More simply, it means to show respect to everyone. Our students know that this is one of our three behavior expectations and start off each morning by answering the question on the announcements, “*What GIFTS will we give to each other today?*” with the answer, *Respect, Responsibility and Solving Problems*.

We will explore our own unique qualities and those of others to illustrate how every person has value, through books such as “Odd Velvet” and “The Story of Planet Purple.” We will also use some of the lessons and ideas from the “Don’t Laugh At Me” Curriculum which encourages schools to become safe “Ridicule-Free” Zones. Fifth graders will be making some very unique people drawings and writing about their person’s positive qualities and why they deserve friendship and respect. During this unit, we will continue our quest for peaceful problem solving and making our classrooms, hallways and playground at Almond-Bancroft Schools, safe and welcoming for all of our students.

Transition to Middle School

During the month of May, our fifth grade students will be learning about what middle school will be like next year. Mrs. Ciula will be going over some information about how the middle school day operates including an explanation of agenda books. Mrs. McDonald will explain the middle school scheduling, matrix of expected behaviors. She will continue to serve as the students’ counselor through seventh grade. Students will also receive a tour of the middle school. All of the information shared in May will also be explained at open house at the beginning of next school year.

Almond-Bancroft High School Awards Ceremony

Join us May 12, 2015 (Tuesday) at 7:30 pm in the Almond School Auditorium. Students will be acknowledged for their achievements in attendance, student council, and various academic departments at our annual Awards Ceremony. Senior scholarship recipients will also be recognized. The evening will conclude with the annual induction ceremony for the Almond-Bancroft Chapter of the National Honor Society.

National Honor Society Membership Candidacy

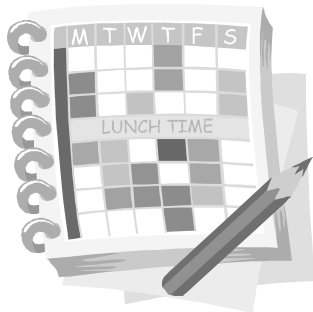

To be eligible for membership consideration, students must have a cumulative grade point average of a 3.2 and meet high standards of leadership, service, and character. Members of the freshman and sophomore class will be evaluated by a Faculty Council consisting of five members.

Leadership is based on a student's role as a participant in school and community activities, and election to offices. The service requirement is met by those actions taken by the student on behalf of others, without personal compensation. Also reviewed is the student's attitude toward any service project. Character is measured in terms of integrity, behavior, ethics, and cooperation with both students and faculty.

Scheduling

All 2015-2016 high school students will begin selecting their schedules with Ms. Spear. Just a reminder that all schedule changes must be made before the end of the school year or over the summer (all requests must be submitted before August 21). Per the curriculum handbook, no schedule changes will be made once the school year starts.

CONGRATULATIONS to our graduating Seniors!

Polish Pen Pals

During the course of the school year a group of middle school students got to experience having a pen pal from another country. They not only got to write letters, but also got to Skype with them (along with the 1st and 4th graders), as well as have a Polish food tasting event. The following was written by Mrs. Vitello's Polish Pen Pal ELT.

The first time we wrote to our pen pals, we introduced ourselves and told them a little bit about our culture. We also sent and received Christmas cards and drawings from our pen pals. Our ELT group learned how they celebrate the Christmas holiday in Poland. We loved writing and receiving letters to and from Poland.

A few times during the school year the middle school Polish Pen Pal group, along with the 1st and 4th graders, got together and Skyped our pen pals. We talked to our pen pals about fun Christmas traditions like Christmas trees and family get-togethers. Our Polish pen pals told us about themselves. We got to tell them about our school and Dr. Seuss! Our Polish pen pals got to introduce themselves to us and tell us about their school! "I was really excited to meet my pen pal," said Kate Dobbe, an eighth grader, whose pen pal is Pawet. Our friends from Poland read us the book, *A Deer in the Wood*. The 1st graders read, *A Cat in the Hat*, and our new friends loved it! They sang us a song, and we said goodbye until we meet again!

On Friday, March 20th the Almond-Bancroft Middle School Polish Pen Pal group got together with the 1st and 4th graders to try 20 different Polish foods. "My favorite type of food was the Mieszko Chocoladorro or truffles," said Halie Stucker. The food was really good and we all enjoyed the wonderful tastes of food. "I really enjoyed the Highlander Polish Sausage," said Makayla Perzinski. We would all like to try more of their food.

We would like to thank Mrs. Ramczyk and Mrs. Negro for setting up all of the fun we had this year.

Josie, Michaela, Sydney, Maryah, Kate, Matt, Hailey, Makayla, Ruth, Tori, and Halie

Congratulations Destiny Dykes

Destiny Dykes has been selected to receive a scholarship through the 2015 National FFA Collegiate Scholarship Program. Dykes was awarded a National FFA Scholarship for \$1500. Her award was sponsored by Hormel Foods Corporation. Destiny graduated from Almond-Bancroft high school in 2013. She is attending UW River Falls and is majoring in Agribusiness with a minor in Crops and Soils.

2015 was a record year for the National FFA scholarship program. 127 sponsors provided over \$2.7 million towards scholarships. National FFA awarded 2,148 scholarships to assist students in their post-high school educational endeavors.

WELCOME TO ALMOND-BANCROFT SUMMER SCHOOL 2015

Dear Families,

We are pleased to be offering our 2015 summer school program. Please take a moment to review the program guide to assist you and your children in determining what classes are appropriate and interesting.

There is a nice selection of classes that cover reading, writing and math, fitness activities, outdoor activities, games, computer activities, science activities, cooking classes, and much more. We will be offering swimming lessons again this year at the YMCA in Port Edwards. There will be no charge to participate. **We ask that you only sign up for one session of swim lessons to allow all students an opportunity to take part in this very popular and beneficial course.**

Each student enrolled will receive a free summer school t-shirt! Students need to be enrolled in one or more classes and must indicate the correct size when registering online.

We will be offering a breakfast and lunch program for all students in the Almond-Bancroft School District. All students are welcome to eat regardless of whether or not you take part in the summer school program. Breakfast will be served Monday-Thursday 8:00-8:30 and lunch will be served 11:30-12:00. This program is free to any student in our district.

We will be offering transportation from Bancroft to Almond. The students will be picked up Monday-Thursday at 7:45 AM at the Bancroft Fire Department and will return at approximately 4:00 PM.

HOW TO REGISTER FOR CLASSES:

- 1) Go to the District Webpage: www.abschools.k12.wi.us
- 2) Click on the "Summer School 2015" link
- 3) Complete the online registration form **on or before Friday, May 15, 2015.**

If you do not have access to the internet to complete the registration, you are welcome to come to school and we will assist you in registering for your child(s) classes. Or, you may pick-up or request a paper copy by calling Trina Warzynski at (715)366-2941 ext. 422.

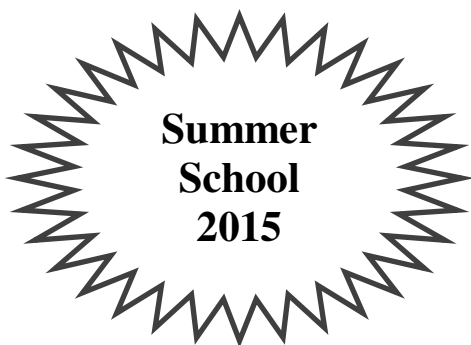

Remember, you are not required to take part in all six weeks; you child may attend all or just portions of the sessions. The exception to this is if your child will be participating in swim lessons. Due to the fact that there is limited slots for the swim program, your son/daughter may be dropped from the program if they miss more than 2 lessons. If you have any questions, please feel free to call Jeff Rykal at 715.366.2941 ext. 416. Thank you!

Boys & Girls Club of Portage County

The Boys & Girls Club of Portage County will be offering a program Monday-Thursday June 8th through August 6th from 12:30-5:30 PM for students entering grades 1st-8th. **They will be closed during the week of July 4th(6/29 - 7/2).** A variety of activities are planned for the summer. The program will take place at the Almond School in the Boys & Girls Club room.

NEW THIS YEAR! The Boys and Girls Club will also be open during the two weeks after session two of summer school. They will be open from 8:00 AM until 4:00 PM, Monday through Thursday, July 27th -August 6th. During these two weeks, bussing will be provided to and from Bancroft. Pick up and Drop off will be at the Fire Department in Bancroft at 7:45 AM and 4:15 PM.

Jeff Rykal
PreK-12 Principal

Session 1: June 8-June 25

Session 2: July 6-July 23

Monday-Thursday

Please take some time to read through the available offerings we have for our program this summer. Check your summer schedules with the information below and select classes that will meet your child's needs. **To register, schedule electronically using the link on the schools homepage.** Keep in mind that students should be registered in reference to the school grade they will be in for the 2015-2016 school year, unless the course description states otherwise. If you have any questions, call Mr. Rykal at 715.366.2941 ext. 416. **Registration will be closed as of Friday, May 15, 2015. Some courses do have enrollment limits, so register early! In order for a class to be held a minimum number of students need to be enrolled. If minimum enrollments are not met, courses may be cancelled.**

<u>CLASS</u>	<u>TEACHER</u>	<u>DATES/TIMES</u>	<u>AGES</u>	<u>DESCRIPTION</u>
Credit Recovery	Mr. Nagel	Both Sessions 8:30—11:30 AM and 12:30—3:45 PM	Students Entering Grades 7-12	Middle and High school students will be given the opportunity to earn credits needed towards graduation. Students that need additional work in particular academic areas will receive an invite letter from the Secondary Guidance Counselor, Ms. Spear. (715) 366-2941 X 414
Fitness Activities and Games	Mr. Young	Both Sessions 8:30—10:00 AM And 10:00-11:30 AM	Students Entering Grades 3-5	This class will be filled with fun and games that will keep the students physically active. Students will have the opportunity to improve their physical fitness and learn to cooperate with other students in a fun and positive environment.
Swimming Lessons	YMCA Staff Port Edwards	Both Sessions 12:45-4:00 PM	Students Entering Grades K-6	Lessons will be taught to students entering grades K-6. The bus will leave the Almond School at 12:45 each day and will return before 4:00 PM.
Story Book Chefs	Mrs. Lambrecht	Session 1 Only 12:30—2:00 PM And 2:00—3:45 PM	Students entering Grades K-2	Join us for some cooking and reading fun! Each day we will read a story and then cook a treat that connects with the story. We will talk about the food guide pyramid and some foods around the world. At the end of the course you will take home your own cookbook with all of the great recipes we made!
Ready, Set, Reading	Mrs. Lambrecht	Session 1 Only 8:30—10:00 AM	Students entering Grades K-2	In this course we will practice our reading skills. We will focus on strengthening our reading through read-alouds, discussing what we read, reading poems and songs together as a group, independent reading, and writing.
Ready, Set, Math	Mrs. Lambrecht	Session 1 Only 10:00—11:30 AM	Students entering Grades K-2	In this course we will practice our math skills. We will focus on strengthening our math skills through Interactive SmartBoard activities, games, books, and puzzles.
Computer Fun and Exploration 101	Mrs. Ramczyk	Session 1 Only 8:30-10:00 AM	Students Entering Grades 4-5	Come and explore some fun and entertaining websites that will let you play, and practice some of your skills for school all at the same time! We will also work with word documents, excel, and power point while we learn new information about subjects you choose. There will also be an opportunity for you to share with your peers, and your teacher too! Come join the fun!
Computer Fun and Exploration 101	Mrs. Ramczyk	Session 1 Only 10:00-11:30 AM	Students Entering Grades 2-3	Come and explore some fun and entertaining websites that will let you play, and practice some of your skills for school all at the same time! We will also work with word documents and power point while we learn new information about subjects you choose. There will also be an opportunity for you to share with your peers, and your teacher too! Come join the fun!

<u>CLASS</u>	<u>TEACHER</u>	<u>DATES/TIMES</u>	<u>AGES</u>	<u>DESCRIPTION</u>
Fun with Creations	Mrs. Curtin	Session 1 Only 8:30-10 AM and 2:00-3:45 PM	Students Entering Grades K-2	Description: Join the fun while exploring and creating with a variety of hands-on materials. Students will have the opportunity to use different kinds of play dough, modeling clay, paint and use their creativity in fun-filled projects.
Exploring Our Planets!	Mrs. Curtin	Session 1 Only 12:30-2:00 PM	Students Entering Grades K-2	3, 2, 1, Blast Off! We are about to set out to discover our Milky Way with learning about all the fascinating facts of our nearby planets. Students will be able to gather information from computers, books, games and other activities.
Exploring Nature with Bugs and Insects	Mrs. Curtin	Session 1 Only 10:00-11:30 AM	Students Entering Grades K-2	Come explore the summer fun with discovering and learning about some crawly creatures in our environment. Students will be able to participate in a variety of hands-on activities to enhance their knowledge about different bugs and insects.
4 Year-Old Kindergarten Boot Camp	Mrs. Klinger	Session 1 Only 8:30—11:30 AM (At Bancroft) Or 12:30-3:45 PM (At Almond)	Students Entering 4 Year-Old Kindergarten	This class is only for incoming 4K students. This “Boot Camp” will not be academic based, but instead will focus on social interaction and learning the daily routines of school. The morning session will be held at the Bancroft School in the 4K classroom, while the afternoon session will be held at the Almond School.

4 Year-Old Kindergarten Boot Camp Please note:

- The responsibility for transporting 4K students will solely be with the student’s family. Parents or family members are expected to drop and pick up their child at the classroom. Incoming 4K students will not be allowed to ride the bus route from Bancroft due to safety and supervision concerns.**
- Incoming 4K students are welcome to take part in the breakfast and lunch program, but for safety and supervision reasons, they must be accompanied by an adult.**

Oh What Buggy Fun!	Mrs. Hintz	Session 1 Only 12:30—2:00 PM	Students Entering Grades K-2	Do you think insects are cool? Then this is the class for you! We will hatch butterflies, study crickets, have beetle races, take a close look at ants and more. In addition, we will read some great books and make some fun crafts.
All About Animals	Mrs. Hintz	Session 1 Only 2:00—3:45 PM	Students Entering Grades K-2	Have fun learning some new things about animals! We will read books, make crafts and play some fun games as we learn more about some of our favorite animals and some we aren't so familiar with.
Math and Reading Enrichment	Mr. Baumgartner	Session 1 only 8:30-10:00 AM	Students Entering Grades 3-5	This course will concentrate on individual instruction of math and reading. Instruction will be individualized based on the level of each student enrolled in the course.
Exploring Team Sports	Mr. Baumgartner	Session 1 only 10:00-11:30 AM	Students Entering Grades 4-6	Students will learn the fundamentals of basketball, soccer, softball, rugby football, and hockey.
Lego Mania!	Mr. Stead	Session 1 12:30—3:45 PM Session 2 8:30—11:30 AM	Students entering: Grades 3-7 Session 1 Grades 2-5 Session 2	Are you a Lego Maniac? If you like making different structures and cool things out of Legos, sign up to be a part of Lego Mania this summer and join the fun! The first three days of each week will be all about building things that fit a theme. The last day of each week, you’ll create and tell stories based on your Lego creations.
Movie Critic	Mr. Stead	Session 1 8:30-10:00 AM Session 2 2:00—3:45 PM	Students entering: Grades 3-7 (Session 1) Grades 1-3 (Session 2)	Have you seen a movie lately that you really liked? This is your chance to watch and talk about movies with other people. The first three days, you will watch movies and take notes on them. The last day of each week, you get to create your own column on a movie that YOU get to choose. I give this class 2 thumbs up!
Exploring the United States	Mr. Stead	Session 1 10:00-11:30 AM Session 2 2:00-3:45 PM	Students Entering: Grades 3-7 Session 1 Grades 1-3 Session 2	Have you ever wondered what cool things our country has to offer? In this class, students will be able to explore what makes the country that we live in great. Over the course of the class, students will be exploring landforms, national parks, bodies of water, cities, tourist attractions and even amusement parks with Google Earth and other online tools. For the final project, the students will be planning a trip to different places that they researched and want to learn more about.

<u>CLASS</u>	<u>TEACHER</u>	<u>DATES/TIMES</u>	<u>AGES</u>	<u>DESCRIPTION</u>
Digital World	Ms. Stiebs	Session 1 12:30—2:00 PM Session 2 8:30—10:00 AM	Students Entering Grades 3-5	It's difficult to go anywhere in the world without seeing some sort of electronic device such as phones, tablets, computers, cash registers, etc. It is essential for students to be able to successfully navigate these tools. They should feel comfortable and confident when picking up a new device or trying out a new program. In this class, we are going to be learning how to do a variety of things in Microsoft, online, and using Web 2.0 tools. Each day we will begin with a brief keyboarding review and any remaining time after the planned activity can be used for playing some cool computer games.
Photo Fun! 6-8	Ms. Stiebs	Session 1 10:00—11:30 AM Session 2 2:00-3:45 PM	Students Entering Grades 6-8	Students will learn how to take effective, high-quality pictures of still and moving objects, people, and nature. They will be learning to use free online tools to enhance and creatively edit photos. Students are encouraged, but not required, to supply their own digital SLR or Point and Shoot cameras as only a limited number will be available for use.
Photo Fun! 3-5	Ms. Stiebs	Session 1 8:30-10:00 AM Session 2 12:30—2:00 PM	Students Entering Grades 3-5	Students will learn how to take effective, high-quality pictures of still and moving objects, people, and nature. They will be learning to use free online tools to enhance and creatively edit photos. Students are encouraged, but not required, to supply their own digital SLR or Point and Shoot cameras as only a limited of number will be available for use.
Stop Motion Movie Making	Ms. Stiebs	Session 1 2:00—3:45 PM Session 2 10:00—11:30 AM	Students Entering Grades 6-8	What do Wallace and Grommet, Rudolf the Red-Nosed Reindeer, Chicken Run, The Nightmare Before Christmas, and Frankenweenie all have in common? They are all stop motion movies! This means the creators of the movies positioned the clay or plastic characters, took a picture, moved them just a tiny bit, took another picture, moved them again.... over and over again until they had a whole scene. The creators then strung all the photos together, added some voices, sound effects, and music and viola! You have a movie! Students will be watching some of the movies listed above, explore behind-the-scenes on how the movies were made and then create their own!
Summer Spanish Fun!	Mrs. Kaeppl	Both Sessions 10:00—11:30 AM	Students Entering Grades 1-3	If your child wants to learn some basic words and phrases in Spanish while playing games and listening to bilingual literature and music, this is the class they should be part of!! They will also be introduced to the Spanish culture by learning about the history while experiencing hands-on cooking of authentic Mexican food with Senora Chapa!!
Book Club 2-3	Mrs. Kaeppl	Session 1 8:30-10:00	Students Entering Grades 2-3	If your child enjoys reading, this class will keep them reading all summer. Students will be able to choose from a variety of books as well as participate in book club chats and fun reading activities. Research points out that continued reading is the number one way to increase reading scores. <i>Keep the reading going this summer!</i>
Book Club 4-5	Mrs. Kaeppl	Session 2 8:30-10:00	Students Entering Grades 4-5	If your child enjoys reading, this class will keep them reading all summer. Students will be able to choose from a variety of chapter books as well as participate in book club chats and fun reading activities. Research points out that continued reading is the number one way to increase reading scores. <i>Keep the reading going this summer!</i>
High School Weight Training (BFS)	Mr. VanderLaan	Both Sessions 7:00—8:30 AM	Students Entering Grades 9-12	Students will learn correct form in each of the lifts. BFS principles will be applied for each lift. Students may increase weight only after they have achieved perfect form in each lift. Emphasis will be on increasing the amount of weight for each lift while demonstrating proper technique.

<u>CLASS</u>	<u>TEACHER</u>	<u>DATES/TIMES</u>	<u>AGES</u>	<u>DESCRIPTION</u>
Middle School Weight Training (BFS)	Mr. VanderLaan	Both Sessions 8:30-10:00 AM	Students Entering Grades 6-8	All middle school students will learn the BFS lifting principles using the BFS Readiness Program. Emphasis in the middle school will not be on weight lifting—instead the focus will be on perfecting form in each of the core lifts. Students will not be allowed to perform less than 10 repetitions in the squat, bench, squat variation, bench variation, and auxiliary lifts. Students will not be allowed to perform less than 5 repetitions in the power clean and hex bar dead lift (due to lower back workout). Students must master correct technique before training plates can be removed and more weight added.
Games, Games, Games!	Mr. Blajeski	Both Sessions 2:00-3:45 PM	Students Entering: Grades 3-5 Session 1 Grades K-2 Session 2	If you like games, this is the class for you! Get ready to play board games, video games, and outdoor games of all sorts in this class. On the final week of our time together, you'll have the opportunity to create your very own game and play it with one another. Sign up today!
Science FACT!	Mr. Blajeski	Both Sessions 12:30—2:00 PM	Students Entering: Grades 6-8 Session 1 Grades K-2 Session 2	This course will focus on the science behind catapults and many other simple machines. Students will get to experience the scientific method in action. This course will incorporate reading skills, math skills, historical periods, as well as other science concepts!
Awesome Authors!	Mr. Blajeski	Both Sessions 10:00-11:30 AM	Students Entering: Grades K-2	This class will focus on various popular children's book authors. Students will read and be read to and get involved in projects that go along with the theme of the books. This is a great course to get your kids to be around reading this summer!
Math Magicians!	Mr. Blajeski	Both Sessions 8:30-10:00 AM	Students Entering: Grades K-2	Math, math, and more math. Students will be studying various math concepts, using hands on manipulatives to practice their numbers, addition, subtraction, telling time, and using money.

All children 18 years and under are eligible to receive FREE meals!

Every Monday-Thursday,

June 8th - June 25th, 2015 and July 6th - July 23rd, 2015,

breakfast and lunch meals are free for **all** students in the district thanks to Summer Food Service Program funding through the state.

Breakfast is served from 8:00-8:30 am

Lunch is served from 11:30 am -12:00 pm

in the Almond school cafeteria.

All children 18 and under, regardless of summer school attendance, are welcome to take part in and enjoy this opportunity!

Summer School Transportation from Bancroft

The district will provide one summer school bus route. Pick-up and drop-off will be at the Bancroft Fire Station.

***Morning Pick-up will be at 7:45 AM**

***Afternoon Drop-off will be at 4:00 PM**

Students MUST be enrolled in summer school to use this transportation.

Division of Housing

Community Development Block Grant – Public Hearing Notice

Public Hearing Notice

**Village of Almond
Municipal Building – 122 Main Street, Almond, WI
Monday, May 11, 2015
6:30 p.m.**

The Village Board of the Village of Almond will conduct a public hearing regarding its proposed application for Community Development Block Grant – Public Facilities (CDBG-PF) funds for the Elm Street Recondition Project. The public is invited to attend to learn about the CDBG program, to help identify additional community development needs, and to comment on the activities proposed to be included in the CDBG application.

The agenda for the public hearing is:

1. Identification of total potential funds
2. Eligible CDBG activities
3. Presentation of identified community development needs
4. Identification of any community development needs by public
5. Presentation of activities proposed for CDBG application
6. Citizen input regarding proposed and other CDBG activities

Residents of the Village of Almond are encouraged to attend, especially residents with low to moderate incomes.

The meeting room is handicapped accessible.

Persons needing additional accommodations should contact Jaclyn Lemke, Village Clerk, via telephone at (715) 366-8171 or via email: valmond@uniontel.net.

THE VILLAGE OF ALMOND IS LOOKING TO FILL THE POSITION OF DEPUTY CLERK

This is a part time position; Hours are flexible, with normal office hours being between 11am-3pm Monday through Friday. The position pays \$10.00 per hour with a minimum of 4 hours per week, and the primary responsibility managing the village sewer billing system in addition to assisting the village clerk with other functions of the office. A Job description and application may be picked up at the village office during normal office hours.
